

WELCOME TO FLERS !

1ST SEPTEMBER 2022
30TH JUNE 2023

**CORPS
EUROPÉEN
DE SOLIDARITÉ**

SUMMARY OF THE PROJECT

“Maison des Jeunes et de la Culture” can be loosely translated to “**House of Youth and Culture**”. The MJC in Flers, Normandy, is an association composed of people who are determined to work and to support young and all people through different courses and guidance if requested. Consequently, your daily routine will be enriched, and you will be able to find and follow your passions. Courses and workshops are offered in the following domains: art, music, dance, theatre, and sport, given by instructors and teachers, who also add energy to the daily life of MJC.

The MJC team is like a big family which includes Emilie, the director, Coralie, Sandrine and Clara who are all permanent employees. Clara Guy will be the **coordinator of the volunteers**, and in her office, you will always find many young people, namely volunteers or trainees.

A personal project will be also part of the volunteer work. Every opinion, even when expressed in basic French, is valued here. Since each project starts with one person, or a group, by collecting ideas to later share them with the team it's important to speak up and to contribute to the process. Show commitment and team spirit to create great events that you and the MJC can be proud of. However, this year should also give you time to think about you and your future. **Do not hesitate to try something foreign, ask questions, take up a new hobby and get engaged!**

MISSION 1 : CINEMA, OPEN STAGE AND CULTURE

IN BRIEF

At the MJC, culture is a central activity of our associative project. We offer our members the opportunity to take part in cultural activities such as outings and exhibitions. From time to time, we can offer workshops or even film debates. The MJC is an open place where the possibilities of projects around culture are very vast.

Hosting European volunteers is an incredible opportunity for us to have an intercultural exchange within the MJC. The European volunteers bring with them their cultures and countries as well as their stories. The young people drive initiatives such as the "Scènes Ouvertes", evenings where young people take control of the MJC to make it an evening of concert, exhibition and artistic expression.

Here are some examples of the missions:

- Participation and animation of a project around documentary and cinema in view of a residency in early 2023 and the shooting of a documentary around identity with a group of young people and a filmmaker. Possibility of organizing film evenings, exhibitions, podcasts...
- Participation in the implementation of the "Scènes Ouvertes" project in conjunction with the young people of the area: organising the evenings, communication, training sessions linked to the project, outings, etc.
- Propose activities or cultural actions within the MJC and/or with external partners (exhibitions, workshops, outings, etc.)
- Participate in the animation of social networks and the newsletter by proposing content related to culture

For this mission, the volunteer will be able to implement a number of actions in collaboration with members of the professional team and European volunteers and Civic Service volunteers hosted within the association.

The volunteer will have great freedom to carry out personal projects and take the time necessary to prepare his/her future after the European voluntary.

MISSION 2 : EUROPEAN WEEK & PROMOTION OF MOBILITY, VOLUNTEERING

IN BRIEF

For over 20 years , the MJC is involved in the youth mobility program. We are coordinator and sending organization. Your main mission will be to organize the **European week**. Within the youth team of the MJC, the volunteer will be a real ambassador of commitment and mobility in order to encourage the young rural populations of the territory to get involved.

Here are some examples of the missions:

- Organizing the European week with all the European volunteers and the Civic Service volunteers of the territory (concert, activity, itinerary in the city, cooking..)
- Participate to the promotion of the "Glob'trotteur" board games that the MJC create and play it with people
- Information about the various volunteering programs at the MJC, in schools, training and integration, summer job forums, leisure centers etc ...
- Creation of communication tools to promote our projects
- Possibility to participate in intercultural events around international mobility with our partner structures and to make visible the projects of the volunteers
- Participation in the recording of our intercultural podcast
- Participation in the reflection of a project of collective reception of European and French volunteers in a house

For this mission, the volunteer will be able to implement a number of actions in collaboration with European volunteers and Civic Service volunteers hosted within the association.

The volunteer will have great freedom to carry out personal projects and take the time necessary to prepare his/her future after the European voluntary.

ACCOMMODATION, FOOD AND POCKET MONEY

YOUR HAPPY PLACE !

The hosted volunteers will share a flat and it is located in the **Quartier du Mont Saint-Michel in Flers**. It takes about 20 minutes on foot, 5 minutes by bus and about 10 by bike to get to the MJC which is located next to the train station in the city center. The apartment consists of two bedrooms, one bathroom, a toilet, a living room, and a kitchen.

In the beginning of each month, the volunteers will receive money for the groceries, pocket money and local transport for their personal use. **(408€ in total)**

If you need it at the start of your voluntary service, you will be accompanied to a local bank (**Crédit Mutuel**) to open a French account in which you will receive your money each month. Otherwise you can keep your own card or get one online like **Revolut**.

The travel costs are going to be reimbursed. Any costs exceeding that amount will be covered by the volunteer.

The most important facts about reimbursement:

- always ask before you buy the tickets
- keep the original receipts
- bring all the papers back to the MJC

USEFUL INFORMATION

The flat is equipped with: washing machine, WI-FI, a stove, an oven, a kettle, a microwave, a coffee machine, a mixer, pans, plates, cutlery, diverse cooking utensils, towels and covers for the bed. The tap water is drinkable.

The nearest grocery store is **ALDI** about 10 min on foot from the apartment and on the way to the MJC. However, in Flers and its surroundings various other shops and stores can be found (Lidl, Carrefour, Intermarché, Leclerc).

The MJC will not provide you with a french SIM card or phone. If you think that you would profit from a french contract during your voluntary service you will have to take necessary measures yourself.

YOUR TRAVEL TO FLERS !

LA ROCHE D'OËTRE

WELCOME TO THE COUNTRYSIDE...

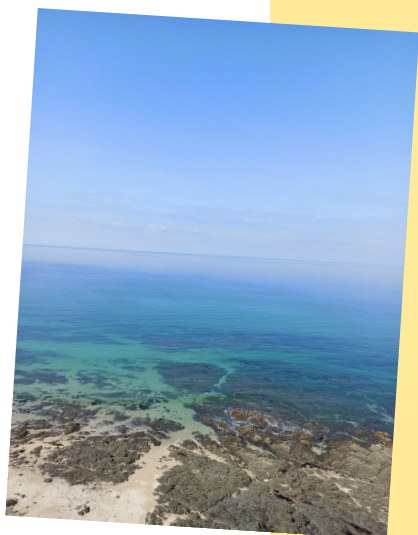

From Paris to Flers :

The easiest way to get to Flers is **by train**. Depending on the location of arrival you have the choice to take a shuttle bus, the RER, the metro or another transportation device through the centre of Paris to get to the train station Gare Montparnasse (metro station Montparnasse - Bienvenüe).

If you land in CDG it's easier to take the shuttle bus ligne 4 to the train station. However, one tickets costs about 15€ and the bus takes at least one hour. Hence if the route is exactly through Paris' city center it's quite a nice sightseeing tour to have. Yet, due to traffic jams or construction work the bus can take much longer so be careful when you don't have a lot of time between your arrival in Paris and the departure of your train to Flers. Another option is to take the RER B into Paris' center where you have to change once to a metro line of your choice. This option is first of all cheaper and secondly faster than the bus. Still, you have to deal with more people (the metro stations in Paris are crowded) and sadly you do not get to see the parisian architecture.

There you will take the train **Paris - Granville which stops in Flers after around 2h30**. It is better to buy the tickets in advance (online on their website OuiSNCF or on their App). If that is impossible, you can also buy them at the train station. The last train to Flers leaves from Gare Montparnasse at 19:43. Take this into consideration when buying the plane tickets and for further travelling. Make sure to have enough time to get from the airport or another train station to Gare Montparnasse (For example, you need at least one hour to get from CDG to Gare Montparnasse). **In case of questions regarding the travel do not hesitate to ask us for advice since we have already taken this route a couple of times.**

LOCAL TRANSPORT, TIPS AND CONTACT

LOCAL TRANSPORT

As far as local transport is concerned, there are two lines of buses that go to the MJC (line 1 and 2). The bus stop is situated right next to the flat. The price of a ticket is 1,10€ and the MJC will supply you with a monthly bus allowance. The volunteers will also be provided with bikes that they can use to commute to work.

When it comes to transport between Flers and other towns and cities in the region, there are both train (SNCF) and buses (CAP ORNE, Bus Vert) connection available. The nearest big city is Caen (50 km from Flers).

A REGION TO VISIT & MORE

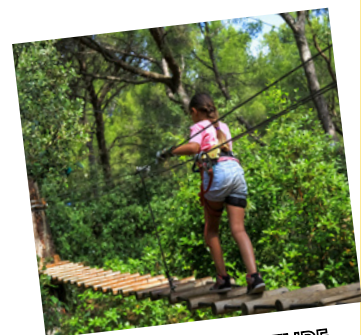

LE MONT SAINT MICHEL

PONT D'OUILLY

LAC DE RABODANGES

ORNE AVENTURE

- Normandy is a region full of interesting places to see. The most well-known are castle **Mont Saint Michel**, Rouen, the tapestry of Bayeux and the D-Day beaches.
- Normandy is a rainy region. Therefore **it's crucial to take a raincoat when you go anywhere!**
- In summer, the temperatures will reach between 20° to 25° C. In winter, it drops rarely below -5°C but due to the ever present humidity it does feel colder than that.
- The French might not have the same working hours as you are used to. For example, **banks open late or not at all on Mondays**. However, when they are open they close at a very late hour. Also, there is no school on Wednesday afternoons.
- Furthermore, school holidays take place more often and are longer than in most other european countries.
- In France it is common to buy food at the market. Usually the biggest one is on Saturday morning but some cities, even Flers, have one on Wednesday morning too.
- In France it is common to 'faire la bise' which means you typically kiss each other on the cheek to say hello and goodbye. However, different rules apply for different genders, age groups, and (work) relationships. Therefore, do not be surprised when the French greet you like that. If you do not feel comfortable doing it then just say so.
- **L'aperitif is truly an amazing thing** here in France. It can just exist out of a glass of wine or biere with cacahuètes or some baguette with Rillettes, fromage, fruits, ... you name it!
- Drink cidre and try a pepito at the boulangerie.
- **Last but not least, if you ever feel bored and unmotivated please don't stay at the apartment and do nothing. This is your year, so seize the opportunity to try something new and to get involved.** Although Flers seems very small even here there are a lot of opportunities to do stuff. Join a local sports club, try taking up music classes (maybe even in the MJC) or do something by yourself (reading, painting, jogging, yoga, ...). **In addition, try to stay in touch with other volunteers and people that you meet here in France so you can visit each other or do some travelling together!**

ENJOY YOUR TIME HERE !
