THE PROJECT

Every person here has a story worth hearing

Unity Voices collects the real stories of people living in Tryavna and turns them into videos and interviews.

The aim is a community where newcomers feel seen and locals discover the diversity around them. You will work as a team of three, and each of you can lead the area you enjoy most.

YOUR MAIN TASKS

Videos

Plan, film and edit short videos about everyday life, traditions and diversity in the community, plus one final documentary.

→ Short videos and a final film

Interviews

Meet locals and foreigners living in the area, prepare questions, record conversations and write short portraits.

→ Interviews in video, audio or text

Sharing the stories

Run the project's social media and present the stories at schools and local events.

→ Social media channel

On the side: you will also help design a 12-month planner with a short note for each day – international days, holidays and local facts.
