About the school

Montessori school ZaHRAda is a community primary school founded by parents (associated in the Hnizdo association) in 2015.

It hosts 100 students and they are divided in mixed-age groups:

2 classes with 6-9 years old students

2 classes with 9-12 years old students

1 class with 12-15 years old students

For our community, it is important that we know each other and have good relations. We try to keep relation with all involved families and they keep their influence.

We are open to all without distinction - with different special-educational needs, disabilities, with language barrier, geographical, social or economic barriers; we try to take into account the individual needs of each individually.

CORPS**

We are open to Europe and the world, to other cultures, languages, costumes, people.

The basic pedagogical approach is the Montessori concept.

We give children respect for people and nature.

We build a culture of care, trust and respect.

We support the development of children's individuality.

Volunteers in ZaHRAda

The presence of volunteers at the ZaHRAda school has a 4-years tradition (since 2018).

Our volunteers have important roles, mainly, they assist the teachers, join the language classes and also join many different activities, such as: trips, excursions, art workshops, music classes, afternoon clubs, sport activities, organizing celebrations and so on.

Every volunteer has individual program, depending on their interests and hobbies. We are open to accept and support all the ideas they have. According to our agreement, they are suppose to spend 30 hours per week for the project. We welcome volunteers with fewer opportunities as well(Geographical, social, economic, etc.),

Support during the project

Coordinator

A person who takes care about volunteers life, as in practical issues, in every challenge the volunteer can be going through.

Mentor

A person out of the school, a friend who helps the volunteer to adjust in the local community.

Community

Hnizdo community supports our volunteers in every possible way. As inviting for local activities, as joining them to their events and providing necessary materials for the house or for them individually.

Supervisor

A person who supports the volunteers at school, communicates about activities and their presence at school, discuss about ideas and help them make it happen in an individual ways.

Volunteers

A small community of volunteers, that support each other and create long-term relationships.
